Product descriptions from the supplier

Since its establishment in 1998, subpaec has been committed to the research, development and production of professional potentiometers. Through continuous innovation and development, the company's management has grown and matured, with strong technical force and advanced production equipment. It has a team of experienced professional technical personnel and well-trained staff. Based on the market of components for more than 10 years, the product's quality and price have considerable advantages over the majority of manufacturers.

1 high speed ratio and high efficiency

2 15 years experience in rubber production

3 got ISO ISO and CE certificate

4 Getting you the best price

5 Personalized packing plan

6 Strict quality control
